(city) (day date) (month)

Signature: _____
(your signature)

NOMINATION PROFILE

NOMINATION DEADLINE: SEPTEMBER 30, 2022

A profile of each nominee for election to the Board will be distributed to voters in November 2022.

Instructions:

Please limit your profile to 300 words and submit on a separate page from the nomination form. The nomination profile will be electronically available to all eligible voters of the electoral district. Please contact the COBC if you need assistance in writing your profile.

Suggested information for your profile:

- 1) Biographical information (may include any personal, educational, and experience references).
- 2) Reasons for wishing to be elected to the Board.
- 3) Vision for the Board and the COBC in upholding professional standards and quality assurance in the public interest.

Sample profile:

"With over twelve years of experience as an optician, I believe I would bring my dedication to opticianry and my understanding of the profession to the Board so that we can continue to maintain high standards and to make sure that quality assurance for the public is the College's top priority. In my career, I have experience as both the owner of an optical dispensary and a staff member in a medical clinic. Like other health professions, opticianry has gone through changes in technology and practice. The College's role in protecting the public does not change, but it actively responds to new challenges to the profession. The Board sets the direction for the College, and I want to contribute my energy and experience to the Board. My time on the College's Quality Assurance Committee in 2015-2018 taught me to work cooperatively with other committee members and to discuss issues in a constructive way, so that we all work towards a common goal. I am most interested in setting the College in the right direction to meet the upcoming vision needs for the public. I believe in renewing interest among opticians to increase their knowledge and services in vision screening, low vision aids, rehabilitative procedures and automated refraction. Opticians hold an important position in vision care, and I am proud to uphold the public's trust that we are well regulated, highly trained and maintain high standards to best help people to see better."

Please submit the completed Nomination for Election Form and your Nomination Profile to the COBC office by 5:00pm on September 30, 2022. Late nominations will not be accepted.
