

OPTICIANS

INTERACTIVE ONLINE WEBINAR

SUNDAY, DECEMBER 11, 2022

10:00AM - 1:15PM MST

10:00AM - 11:00AM

PUT A LID ON IT

LYNN LAWRENCE, CPOT, ABOC, COA

This course teaches anatomy of the eyelid, functional issues with the eyelid, diseases of the eyelid and surgeries associated with the eyelid. This lecture is a graphic pictorial of the eyelid and its function.

11:00AM - 12:00PM

VISUAL ACUITY TESTING

LYNN LAWRENCE, CPOT, ABOC, COA

This course will discuss the evaluation of the visual ability of the eye. It will cover basic methods of acuity testing and will also present the procedure for the Amsler grid, contrast sensitivity, colour plates and stereo testing.

12:15PM - 1:15PM

THERAPEUTIC APPLICATION OF VARIOUS
TINTS IN OPHTHALMIC LENSES

DR. ROYA ATTAR, OD, MBA, FAAO

This course will cover the therapeutic application of various tints in spectacle lenses. The content includes how lens tints are applied to spectacle lenses and the purpose of them. In addition, an overview of the different tint colours will be provided as well as how each are usually prescribed depending on the patient's visual needs.
